Combined is fine, although the court data might look different so I would keep those separate

Would you like to receive this separately from Amherst and Boston, or would you like Sharon and I to combine the information from both labs for you?

**Subject:** Quarterly Stats

Hello,

The next Forensic Sciences Advisory Board is scheduled for Tuesday 6/ 21, therefore I will need quarterly data January 1– April 30 , 2010 (# cases submitted, # cases tested, number of samples submitted, # samples tested, backlog, turnaround time, # summons received, # court appearances)

Because we are off schedule with this meeting, there is a month of data outstanding (May), if possible I would like the same info for may 2011 but separate from the quarterly info.

Thanks,

I have another meeting on the morning of the 21<sup>st</sup> outside the building, so if you can provide these data by Monday afternoon (6/20) that would be fantastic.

Thanks, Julie
